The Business Way!

The business way to take space by the

year, take pains with your advertisements in making them attractive, and change them at least as often as once a month.

You may think there are seasons when you don't need to advertise.

We have never seen that time.

Use the dull seasons for looking over your stock and running off that which is becoming out of style or unfashionable, and giving bargains.

If you have space by the year, it costs you no more, and you can make it profitable by converting unsalable goods into money, and reinvesting the money in those things which are salable.

Where is That Banner Now?

Greenwald (Ind.) fiction. During the last campaign the Democrats of this city displayed a banner in their processions bearing this inscription:

VOTE FOR GROVER CLEVELAND
AND
STAY A BOOGLER.
FOR YOUR WIFE.

A liberal reward will be paid for that banner at this office, and no questions asked.

SENATOR MITCHELL is one of the ablest silver men in the Senate, and he thinks the prospect of tariff tinkering has done more to create distrust than anything else.

LAST fall the Democrats denounced Republicans for all the ills of our body politic; now they are beseeching these same Republicans to help them out of the trouble into which they have gotten the country.

The Idle Free-traders, says The New York Press, who are suggesting that American mills are shutting down for political effect should seize the opportunity to jump in and make money manufacturing goods on the British Free-trade plan.

ALTHOUGH State Treasurer HALE will not accept checks on the various banks throughout the state in payment of taxes, etc., he continues to indict the commonwealth's creditors with checks drawn on the Farmers' Bank of Frankfort. Mr. HALE should be consistent. The Farmers' Bank may be all right. We are not questioning that. But if Mr. HALE insists that the vaults of banks, where sheriffs, clerks, etc., have deposits, be drained of cash to meet his demands, he should be gracious enough when it comes his turn to pay back in the same coin. It looks very much as though the Frankfort machine were trying to get all the cash possible within its clutches.

IT IS NOW A MUST!

We must close out our summer stock of Clothing, Hats, &c. We are aware that owing to the ——— in money matters extraordinary inducements will have to be held out to secure that we mostly need now, viz., CASH. This commodity is what we need, and need it badly. Good people, if you have any bi-metallic or any other kind of money that you want to trade for Clothing,

And You Know What Kind of CLOTHING We Sell!

now is your time. We are going through the entire stock to reduce the price on everything in it, and commencing next Saturday morning, the 12th, and continuing until the 28th of August, we will show you how cheap goods can be bought when money is needed as bad as it is now.

Respectfully,

BRUTAL MURDER.

A Little Girl Waylaid and Murdered by a Farm Hand, Who Confesses—Prospects of a Lurching.

JULY, Aug. 10.—One of the most heinous and outrageous acts recorded in the history of Wisconsin was that committed on little Nellie Byron, the thirteen-year old daughter of a Wesley township farmer, Sunday evening about 8:30 o'clock.

Sunday morning Nellie went to visit her aunt, Mrs. Unstead. She and a half sister from her home. She did not return Sunday evening, but it was supposed she remained with her aunt. Upon going to her aunt's Monday it was found that the child had left for home Sunday evening. Search was immediately begun, and Tuesday noon the girl was found concealed in a growth of hazel brush, her body showing evidence of an assault.

Sheriff Heneberry and State's Attorney Atkins went to the place Wednesday and arrested Ernest Lacro, a farm hand, aged 31 years, working in the harvest field of James Clark. To the state's attorney he confessed everything, saying that he murdered the child Sunday evening about 5:30 o'clock by breaking her neck between his hands.

The sheriff had to smuggle the man to Wilmington to keep him from lynchers. He was brought to Joliet Wednesday afternoon, and it is now reported that fully 1,000 men are coming here to kill him.

A BIG HAUL.

A Chicago Railway Company Robbed of \$15,000 Worth of Tickets Between New York and Chicago.

CHICAGO, Aug. 10.—It is asserted by men in position to know that the West Chicago Street Railway Co. has lost at least \$15,000 worth of eleven-for-a-half-dollar tickets somewhere between the Homer Lee printing house, in New York, and the Chicago office of the street car corporation. It is said further that the stealing has been going on for a long time by a clique of men which takes in a number of railroad men in the east and some of the employees of the ticket printing establishment, and that the ring planned to make a systematic haul from each box of tickets shipped to Chicago. Furthermore, it is reported that three well-known business men of this city have surrendered \$10,000 worth of the stolen tickets to avoid prosecution. The company, it is said, is content to recover its property and let the guilty escape.

Death Sentence Commuted.

WASHINGTON, Aug. 10.—Two Indians named Kosinee and Henry Manyenny, sentenced to be hanged in Wisconsin on August 25 for murder, have had their sentences commuted to life imprisonment by President Cleveland. The Indians were convicted of the death of a man, and sentenced to death under the laws of the United States. Capital punishment has been abolished in Wisconsin. The public health department is much opposed to the infliction, and for these reasons the lives of the two men are spared.

Cholera Epidemic at Naples Decreasing.

ROME, Aug. 10.—The cholera epidemic in Naples is on the decrease, only seven deaths having been registered between 12 o'clock Tuesday and 12 Wednesday. The reported deaths from cholera of two people just arrived from Naples, and to guard against a spread of the disease the Roman health authorities have ordered a permanent sanitary service which will examine travelers arriving from the infected districts.

ZURICH, Aug. 10.—The international socialist congress, at its session here Wednesday, approved the establishment of an eight-hour working day. The delegates agreed to agitate for the holding of an interstate congress to settle the question.

A Pension Bond Scheme.

HARTFORD, Ct., Aug. 10.—The Hartford Courant editorially advocates issuing bonds to meet part at least of the vast pension payments now \$100,000,000 a year, thus shifting the burden upon the future, furnishing a basis for a currency for to-day. Local bankers heartily endorse the proposition.

CROOKS GALORE.

Thefts, Murders, Highway Robberies and Like Crimes

Committed by Chicago Criminals Every Hour of the Day.

An Ohio Boy Held Up by Two Highwaymen and Dangerously Wounded by Two Bullets From the Robbers' Pistols—He May Not Recover.

WORLD'S FAIR, Chicago, Aug. 10.—Thefts, murders, highway robberies and similar crimes are committed by Chicago criminals every hour of the day and night, in fact these attempts are so frequent that the authorities hardly pay sufficient attention to them, but let matters take their own course.

Inside of the fair grounds crimes are very rarely committed, but outside among the lake-side shows and circuses, tents, hundreds and hundreds of crooked and dangerous highwaymen make their headquarters. Ohio people have been little troubled with criminals, but lately several bold attempts have been made to rob and kill Ohio people during the late hours of night, but none were successful until last week, when H. T. Hardenbrook, a sophomore at the Ohio Wesleyan university, was held up by two bold highwaymen and dangerously wounded by two bullets from the robbers' pistols.

Hardenbrook, whose home is at Delaware, O., was engaged as a guide at one of the chair-boosts at the World's fair and made his temporary home at Sixty-fifth street. Tuesday night Hardenbrook left for his boarding place with \$8 in his pockets.

This money had been given him by his mother for safe-keeping. Leaving the fair grounds by the Sixty-fourth street exit he started for home, it being rather late. The young guide hastened to put the money in a safe place.

When he reached Stony Island avenue he was suddenly confronted by two tall men, who demanded him to hand over his money or lose his life. The brave Ohio boy was not daunted by the threats, but striking one of them in the face he made a rush as only college boys can do and ran down the street at a rapid pace.

The highwaymen recovered from their surprise and gave chase. Pulling their revolvers they began to fire at the flying boy. As soon as Hardenbrook was aware that the robbers tried to take his life as well as his money, he stopped and pulled his revolver and returned the fire.

About six shots were exchanged in the party, during which the Ohio Wesleyan boy received two dangerous wounds. One of the robbers' bullets took effect in the boy's groin, while the other inflicted a severe wound in the thigh. Slowly fighting his way to his not-far-distant boarding-house, the young hero kept the robbers at bay, and when at last he reached home he fell exhausted from the loss of blood. Surgeons were immediately called in, and they pronounced his case very serious.

The wound in the groin may probably cost young Hardenbrook's life, while the thigh wound is severe though not as dangerous. The police were immediately notified of the attempt at robbery, but have as yet found no clue to the murderers.

Mr. Hardenbrook has just come up from Ohio to visit his son. Young Hardenbrook is about twenty years old, and well known to college boys through the country. His bravery may cost him his life. Comfortably bedded in a Pullman sleeper the wounded Ohio boy, watched by his affectionate mother, left for his Delaware home late Tuesday night.

It may be possible that youth and strength will conquer, but in spite of all that young Hardenbrook will have a hard time before him. This is the first attempt to hold up a guide, and as a consequence all the boys have bought revolvers in order to meet all emergencies.

Use Flaming.
DURANGO, Col., Aug. 10.—Uses are leaving their reservation in large numbers and are becoming troublesome, plundering as they go and willfully destroying game. Twenty-five men have left here in pursuit and the authorities will at once make efforts to get the Indians back to the reservation. The military may be called out.

silver Certificates Higher.
NEW YORK, Aug. 10.—Silver certificates advanced to 75 bid and 80 asked at the stock exchange. There was a price demand for the certificates, while the supply was smaller than for a long time. Wednesday's price is the highest since June 10. Commercial bar rose to 75 and Mexican dollars to 60c.

THE TACTICS

By Which Silver Repeal Will Be Enforced—Free Coinage Men Will Be Forced Desperately.

WASHINGTON, Aug. 10.—The adjournment of the house until Thursday was for the purpose of allowing the two sides on the silver question to have ample time to consult and endeavor to come to an understanding about the method of procedure and the time for taking a vote.

A caucus of the free coinage men has been called to meet in the hall of the house at noon Wednesday, and an effort was made by those who are in favor of agreeing to a time for a vote to win over to their way of thinking Mr. Bryan and his associates who will not bear to the making of any terms with the opposition.

When the caucus concludes its labors there will be renewed conferences between the leaders of the two sides. It is probable if there is any agreement reached at all it will be arrived at before Thursday morning. There is decided opposition on the part of some of the leaders of the advocates of repeal to allowing the advocates of free coinage to spend any more time in negotiating with Mr. Bland and his followers, and they are in favor of opening the fight on Thursday morning if there is no agreement entered into before that time.

Speaker Crisp is understood to be in entire accord with the ideas of the administration in regard to the repeal of the Sherman law, and the necessity for immediate action. It is said that it is not some sort of agreement entered into before Thursday, or before Friday at the farthest, a motion will be made and carried through the house to adopt temporarily the rules of the last house, and that immediately thereafter Mr. Crisp will announce a committee on coinage, whether and measures, which, while Mr. Bland may be retained at the head of it, will be made up with a decided anti-free silver majority.

This committee would soon report a bill for the repeal of the silver purchase clause of the Sherman law, and after a reasonable debate it is believed a resolution could be adopted providing for a vote. This course will not be adopted, however, unless it is apparent that the free coinage men are determined, even at the risk of the financial ruin of the country, to filibuster unreasonably against the passage of the bill.

REED'S VIEWS.

He Says Cleveland States Hot Part of the Problem.
NEW YORK, Aug. 10.—A Washington correspondent telegraphs the following as ex-Speaker Reed's statement:

"One can hardly fail to be impressed by the resemblance between the message of the president to-day and that of the last democratic president who addressed a congress of his own party in 1857. While the disaster is not the same, the expression of sorrow is very similar."

"Mr. Cleveland has set an example of short, single topic messages; but, while this message is impressive, it is far from being devoid of the old-fashioned. While my votes in the past show plainly that I agree with much that he says, I should not be doing justice to my own sense of the truth if I did not record my entire disbelief in the idea that the message states the underlying cause of our disaster. The cause of our misfortune is plainly this: utter uncertainty reigns in finance and tariff, and in everything on which business can be based. If you remove one element of uncertainty there remain all the others. You can not readjust the economic principles which govern a country without disaster, especially if that readjustment be violent and involve the wages and salary of every citizen."

SHUT DOWN.

One of Pittsburgh's Largest Steel Plants Suspends Owing to Debt.
PITTSBURGH, Pa., Aug. 10.—The Linden Steel Co., one of the largest manufacturing concerns in Pittsburgh, suspended operations Wednesday morning on account of the stringency of the times and difficulty in procuring discounts and inability to make collections. All the employees, about 300, have been discharged.

The company had a number of contracts from the government for armor plate. It is said the company has assets largely in excess of liabilities, and there is no doubt they will resume as soon as an extension is obtained. The judgment reported to have been issued against the company amounts to \$61,800. One is held by W. J. Lewis, the president of the company, for \$40,388; another by Mrs. Elizabeth Lloyd, a stockholder, for \$20,025. Mr. Lewis, the president, is the owner of a valuable business block in the city which he has lately improved to the extent of \$100,000.

Senate Does Nothing.
WASHINGTON, Aug. 10.—The senate, without transacting any business, adjourned Wednesday until Thursday. The motion was made by Mr. Gorman, and the vote and the senate adjourned by Mr. Platt. The vote was Yeas, 48, nays, 21.

AN AGREEMENT.

Free Coinage Men Will Vote for the Repeal

Of the Sherman Act Providing Something is Given in Return.

They Demand Silver Upon Such a Rate as Will Maintain the Parity With Gold—This Was Agreed to at Their Caucus Wednesday.

WASHINGTON, Aug. 10.—In the house and of the capitol, the free-silver men held a caucus. Many members who are against unconditional repeal, but who do not favor unlimited coinage at the present ratio, did not attend.

The effort to push the silver question to an early decision and the uncompromising terms of the pro-silver message have stimulated the "gold bugs" as the silver men call them, to enter upon new fields to conquer. Although the gold reserves have been returned to the one hundred-million mark, and there is a comfortable surplus over that sum, the demand for an issue of bonds has broken out again in several spots.

At the close of the caucus it was officially announced that the following resolution, offered by Mr. Boatner, of Louisiana, had been adopted by a unanimous vote:

Resolved, That we will support a bill repealing the purchasing clause of the Sherman act, and concurrently providing for the free and untrammelled coinage of silver with full legal-tender quality on such a ratio as will provide and maintain the parity between gold and silver.

Be it further resolved, That a committee of seven, to be appointed by the chairman of this conference to draft and introduce such a bill and take proper steps to secure the free and full discussion and consideration thereof and a vote of the house upon the bill and all proper amendments.

The committee provided for in the foregoing resolution was composed of the following: Messrs. Bland, Shibley, Boatner, Lane, Bashed, Bryan and Bland. By a vote of the caucus Judge Culberson was added to the committee.

When the caucus met it was estimated that there were about forty members of the house in the hall, but during the session about 100 members were admitted. Estimates of the number in attendance ranged from sixty to 100—the clerk of the house fixing the number at ninety-three and Mr. Bland saying he counted over 100.

Judge Culberson, of Texas, was elected chairman of the caucus and Representative Shibley, of Pennsylvania, the only democrat present from the eastern states, secretary. The only republican present was Representative Bland, of California. The populists were represented by Jerry Simpson and Mr. Kern, of Nebraska.

MONEY RATES ADVANCED.

Call Money at New York Is 12 Per Cent and Longer Time 10 Per Cent.

NEW YORK, Aug. 9.—Wall street received a surprise Wednesday morning in the shape of an announcement from the great banks of the city that they unanimously decided to increase the rates on call loans of reserve date to 12 per cent per annum, and on loans of long standing to 10 per cent.

Their reason for this, they say, is that so many persons have been misled in them that they are compelled to do this in self-protection. There was renewed depression at the stock exchange after the opening of business. The closing up of the Madison Square bank, the failure of H. L. Hotchkins, and rumors of further troubles among brokers, all tended to depress the list. There was no particular activity, however, and few signs of any general liquidation. When the selling ceased a rally at 1/4 to 1 per cent took place.

Crisp Forming Committee.

WASHINGTON, Aug. 10.—Speaker Crisp did not go to the capitol Wednesday, but remained at his hotel during the day to the consideration of the formation of the committee. He said when asked about the probabilities in this connection, that he saw no reason for changing or modifying the opinion he had expressed when he first came to Washington, viz., that two or three weeks must elapse before the full list would be announced.

The Curtis Trial.

SAN FRANCISCO, Cal., Aug. 10.—In the M. B. Curtis murder trial Wednesday the chief witness for the prosecution failed to recognize Curtis, and he made a poor showing generally. The defense will claim that an unknown man shot Policeman Grant, Wednesday, while Curtis was being taken into custody.

New York Day at the Fair.

ALBANY, N. Y., Aug. 10.—Gov. Flower and staff and the state officers will leave for Chicago about the middle of the day to be in attendance at the New York state day at the fair. The party will be accompanied by ladies and will remain in Chicago a week.

Shot by a Burglar.

DENVER, Col., Aug. 10.—A. L. Schoppe, a prominent druggist at Twenty-third and Water streets, was shot through the head early Wednesday morning by a burglar, who was trying to rob his store. Schoppe's wound is considered fatal.

Another Record Breaker.

NEW YORK, Aug. 10.—The steamer El Rio, Capt. Quinn, broke the steamship record between New Orleans and this city Wednesday. She made the trip in four days, two hours and twenty minutes, beating the record one hour and ten minutes.

Hit by a Batter.

CATAMBA, O., Aug. 10.—While picking berries, Mrs. Jane Luckner was bitten by a rattlesnake. Her recovery is doubtful.

HE COMMITTED SUICIDE!

The Cause and its Lesson.

Why did he commit suicide? Oh! for these reasons that thousands of others are on the verge of the same sin, or in immediate danger of insanity, paralysis, idiocy, or some other equally unfortunate result of any nervous affection. He knew he was afflicted with a nervous disorder, but was careless, apparently indifferent to the outcome, or he may have misused his chances for recovery by treating with physicians who had little or no knowledge of such affections, or by deluging himself with worthless so-called remedies. His case was a sad one, but no worse than that of any other nervous sufferer, who has nervous or nervous headache, biliousness, dizziness, irritability, melancholy, falling memory, hot flashes, burning, sleeplessness, nervous depression, any nervous affection.
